- c) Medical: Rs. 15,000/- per annum; and
- (iii) Contribution to Gratuity Fund in accordance with rules / policy formulated by the Company.
- (iv) Leaves in accordance with Rules framed by the Company.
- (v) Such number of options as may be granted to him under the Elpro ESOP Scheme 2019 or such other scheme as applicable including perquisite value of stock options benefits from time to time.

The Annual Increment which will be effective from April 1, each year will be decided by the Board based on the recommendation of NRC. The recommendation of the NRC will be based on Company's and Individual Performance.

The aggregate of the remuneration payable to Mr. Deepak Kumar as Chairman and Managing Director of the Company shall be within the maximum limits prescribed under the provisions of Sections 196, 197, 198, 203 and other applicable provisions of the Act, read with Schedule V of the Act, and Rules made thereunder (including any statutory modification(s) or re-enactment(s) thereof) and subject to approval, if any, as required under the applicable provisions of the Act.

In the event the Company has no profits or the profits are inadequate, during the tenure of three years of Mr. Deepak Kumar's re-appointment, the Company shall pay remuneration to Mr. Deepak Kumar as determined from time to time by the NRC and the Board pursuant to the authority vested in them, subject to compliance with the applicable provisions of Schedule V of the Act, and that such remuneration shall be treated as minimum remuneration payable to Mr. Deepak Kumar in the absence or inadequacy of profits, in accordance to the provisions of Sections 196, 197, 203 and other applicable provisions of the Act, read with Schedule V of the Act, and the Rules made thereunder (including any statutory modification(s) or re-enactment(s) thereof).

The NRC and the Board of Directors consider the aforesaid remuneration commensurate with the duties and responsibilities of Mr. Deepak Kumar.

#### C. General:

- (i) Mr. Deepak Kumar shall exercise such powers and perform duties as the Board shall, from time to time, determine and subject to directions and restrictions, from time to time, given and imposed by the Board.
- (ii) Subject to the superintendence, control and direction of the Board of Directors of the Company, Mr. Deepak Kumar shall be in charge of the general conduct and management of the whole business and affairs of the Company and shall carry out such functions, exercise and such powers and perform such duties as the Board of the Company shall determine and entrust to him.
- (iii) Mr. Deepak Kumar shall throughout the said term, devote his full time, attention and abilities to the business of the Company and shall carry out the orders, from time to time, of the Board and in all respect conform to and comply with the directions and regulations made by the Board, and shall faithfully serve the Company and shall promote the interests of the Company.

- (iv) Mr. Deepak Kumar shall adhere to the Company's Code of Conduct and ensure there is no conflict of interest with the Company and further ensure maintenance of required confidentiality.
- (v) The office of Mr. Deepak Kumar may be terminated by either party, by giving the other party three months' prior notice in writing stating the reasons for resignation or payment of three months' salary in lieu of the notice.

Mr. Deepak Kumar satisfies the conditions set out in Part-I of Schedule V of the Act and also the conditions as set out in Section 196(3) of the Act for being eligible for re-appointment. He is not disqualified from being appointed as Managing Director of the Company in terms of Section 164 of the Act read with applicable rules made thereunder and is not debarred to be re-appointed as Chairman and Managing Director by SEBI / MCA or any other statutory or regulatory authorities.

## Annexure I to the Directors' Report

# Management Discussion and Analysis Report

The Management Discussion and Analysis Report represents the key performance highlights of the financial year 2024-25, pertaining to the Company's business. This review should be read in conjunction with the Report presented in the other sections i.e., the Company's financial statements, the schedules and notes thereto and the other information included elsewhere in this Annual Report. The Company's financial statements for the financial year ended March 31, 2025, have been prepared in accordance with Indian Accounting Standards (IndAS) and in compliance of the requirements of Companies Act, 2013 and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

### Industry Structure and Developments:

In India, growth is projected to be solid at 6.5% in year 2025-26. In year 2024, agricultural growth hit a five-quarter high of 3.5%, driven by strong monsoons, healthy kharif harvests and with improved rabi sowing in the second quarter. Services exports also surged 12.8% year over year, reaching US\$248 billion from April to November 2024. Indian manufacturing is moving up the value chain with electronics, engineering goods and chemicals now make up 31% of exports, supported by contributions from micro, small, and medium enterprises and rising credit availability. In the monetary policy of April 2025, Reserve Bank of India ("RBI") did a repo rate cut of 25 bps to 6%, changed its stance to 'accommodative'. This provides confidence to the stakeholders on the economic and credit growth.

Further, India's direct tax collections were up 16.15 % year-on-year, reaching Rs. 25.86 Lakh Crores as of March 2025, as per the latest data released by the Central Board of Direct Taxes ("CBDT") with Corporate tax collections increasing to Rs. 12.40 Lakh Crores, from Rs. 10.10 Lakh Crores in the previous fiscal.

The 22.27% growth in corporate tax collection vis-à-vis the far lower estimated Nifty earnings growth in single digit for Financial Year 2024-25 clearly indicates that the profitability of smaller and mid-size companies, both listed and unlisted, are growing at a substantially higher rate.

### India's Service Exports:

India is now the seventh-largest services exporting country globally. Amongst services exports, software / IT services and business services exports have increased. This was supported by India emerging as a hub for Global Capability Centres ("GCCs"). India ranks 2nd in the world in telecommunication, computer, and information services exports, 6th in personal, cultural and recreational services exports and 8th in other business services exports.

The growth in GCCs is reflected in the services BoP, with 'Other Business Services' being the second-largest contributor in services exports in Financial Year 2024 with a share of 26%. In Year 2012, about 760 GCCs were operating out of India and as of March 2024, India houses over 1,700 GCCs.

### Indian Equity Markets:

Foreign Institutional Investors ("FIIs") have been net sellers since September 2024, divesting an aggregate USD 19.34 billion in equities according to SEBI data, during the period 7 months from September 2024 to March 2025. Perhaps, the largest motivating factor for such a consistent and substantial negative stance on India was the FII expectation of a sharp fall in earnings growth in Financial Year 2024-25. It should be noted that the earnings growth of the Nifty 50 for Financial Year 2023-24 was as high as 24.1%, on the back of which the Index appreciated 41.5% from June 2023 to October 2024. Regrettably, the estimated earnings growth for FY 2024-25 has fallen to 3.1%. Resultantly, the Nifty 50 recorded a return of 5.3% for the year. Current Bloomberg estimates show that the analyst community forecasts a growth in earnings of 14% for Financial Year 2025-26.

The corporate earnings performance over the next 6-9 months will decide the trend in the market. If corporate earnings visibility were to indicate a rebound to 14%, as forecasted, it would make India an extremely attractive destination on relative valuation and strong macros. This could result in a resurgence in Equity FII inflows.

**26. Overview of the entity's material responsible business conduct issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications**

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Energy Management	Risk	Real estate assets require significant energy for heating, cooling, lighting, and appliances, with the type and amount of energy used, as well as management strategies, varying by asset class. Owners who handle energy costs directly often encounter high operating expenses, emphasizing the importance of effective energy management. Even when occupants are responsible for these costs, energy performance remains crucial due to its impact on operating costs, environmental objectives, and reputation. The company's substantial power consumption, high energy costs, and the environmental impact of power generation underscore the need for efficient energy management. Proper energy management can reduce operating expenses, mitigate regulatory concerns, and enhance facility value.	The Company prioritizes energy-efficient technologies like LED lighting, smart thermostats, and energy-efficient appliances to address energy usage issues. Utilizing sustainable energy sources, such as solar panels, reduces reliance on grid electricity. Optimizing energy consumption involves implementing energy-saving measures and conducting audits to identify areas for improvement.	Negative (There has been no negative impact in the FY 24-25)
2	Water Management	Risk	Water consumption in real estate is substantial, affecting operational expenses that may be shared among residents. Though organizations may not be directly responsible for water costs, effective water management is crucial. These costs can be significant, influenced by property type, tenant operations, and location. Entities might cover water expenses or pass them to occupants, but managing water use is vital for controlling costs, reducing environmental impacts, and maintaining reputation. Tenants often assess water efficiency to cut operating costs and enhance sustainability.	To mitigate water consumption challenges in buildings, the Company can implement waterefficient fixtures and appliances, such as low-flow toilets and water-saving washing machines. The Company can also encourage occupants to adopt water conservation practices and raise awareness through educational initiatives. Regular water audits to identify areas for improvement and monitor usage patterns will assist in mitigating excessive water usage. Invest in irrigation systems with smart controls to optimize water usage for landscaping. Comply with water-related regulations and explore for rainwater opportunities harvesting or greywater recycling.	Negative (There has been no negative impact in the FY 24-25)

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
			Real estate owners must adhere to water regulations regardless of who pays. Effective water management can reduce costs, mitigate regulatory risks, and increase tenant demand, rental rates, and occupancy, thereby boosting revenue and asset value. Rising water costs due to overuse, limited supply, pollution, and climate change underscore the importance of water efficiency. Factors like property type, water availability, tenant market, building codes, consumption measurement, and existing infrastructure are key to improving water efficiency.	By combining these strategies, The Company can effectively manage water efficiency, reduce operating costs, and mitigate environmental impacts, leading to increased tenant demand and higher property value.	
3	Fair business practices	Opportunity	Fair business practices create stakeholder trust and respect resulting in long term business relationship. The Company, through its practices, procedures & management strives to follow the same, thereby creating a strong brand value and positive	-	Positive
4	Investment Portfolio	Opportunity	The Company is focused into investment activities in the Companies having good growth prospects and provide reasonable returns in long run.	-	Positive
5	Quality & Customer Satisfaction	Opportunity	The company consistently strives to uphold the highest standards of customer satisfaction and brand reputation by delivering high-quality products and services. This commitment to excellence ensures that customers receive superior value, fostering trust and loyalty. By prioritizing quality in every aspect of its operations, the company not only meets but often exceeds customer expectations, solidifying its reputation as a leader in its industry. This dedication to quality and customer satisfaction is a cornerstone of the company's strategy, driving long-term success and reinforcing its brand image as synonymous with reliability and excellence.	-	Positive

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
			Through continuous improvement and innovation, the company remains attuned to customer needs, ensuring that its offerings consistently reflect the highest standards of performance and quality.

### Leadership Indicators

#### 1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

We are committed to maintaining continuous, proactive engagement with our stakeholders, reflecting our dedication to transparency and accountability. Our management team actively engages with stakeholders through various platforms to ensure their feedback on economic, environmental, and social issues is incorporated.

The Corporate Social Responsibility (CSR) Committee is crucial in developing and recommending CSR policies to the Board. It also carefully monitors CSR expenditures, budget allocations, and related activities to ensure they align with our commitment to social responsibility.

Additionally, the Stakeholders' Relationship Committee is responsible for overseeing statutory compliance, handling investors' and shareholders' grievances, ensuring timely dividend payouts, and enhancing trust and transparency in our interactions with investors and shareholders.

In line with our commitment to shareholder engagement, we provide investors and shareholders the opportunity to interact with Board Members annually during the Annual General Meeting (AGM). This forum helps us stay aligned with the evolving needs and concerns of our stakeholders, reinforcing our commitment to being accountable and responsive to their interests.

#### 2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

The Company has set up multiple communication channels to foster open dialogue and address issues important to stakeholders. This approach helps create shared value and supports our commitment to contributing positively to a sustainable society.

At present, Elpro does not engage in consultation with its stakeholders to recognize and address environmental and social concerns. Nevertheless, the Company has pledged to integrate this process into its operations in the upcoming years, in accordance with regulatory demands.

#### 3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.

The Company's CSR initiatives are designed to benefit those who are disadvantaged, vulnerable and marginalized in society. The Company's Corporate Social Responsibility (CSR) policy directs engagement with marginalized/vulnerable groups. Our CSR strategy is based on our dedication to empowering local communities near our activities and helping to create better times ahead for all.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No external review or independent analysis has been conducted to evaluate our operations, performance, or compliance with applicable standards and regulations.

**5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.**

The Company has installed a Sewage Treatment Plant (STP) at Elpro City Square Mall in Pune, Maharashtra, to treat wastewater generated from kitchens and washrooms. The STP, with a capacity of 325 KLD, employs a multi-stage process including primary, secondary, and tertiary treatment. During operation, it stabilizes the wastewater by maintaining pH between 6.5 and 8.5 and reducing Total Suspended Solids, Biological Oxygen Demand, Chemical Oxygen Demand, and Oil & Grease to 10–20 mg/l. The treated water is then reused for washroom flushing, cooling tower make-up, and horticultural purposes, promoting efficient water management within the premises.

**6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:**

Parameter	Please specify unit	FY 2024-25	FY 2023-24
NO <sub>x</sub>			
SO <sub>x</sub>			
Particulate matter (PM)	The specified air pollutants are currently not quantified. However, the Company shall assess the same in future and take it up as required.		
Persistent organic pollutants (POP)			
Volatile organic compounds (VOC)			
Hazardous air pollutants (HAP)			
Others – please specify			

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No external review or independent analysis has been conducted to evaluate our operations, performance, or compliance with applicable standards and regulations.

**7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:<sup>7</sup>**

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N)  
If yes, name of the external agency.

No external review or independent analysis has been conducted to evaluate our operations, performance, or compliance with applicable standards and regulations.

**8. Does the entity have any project related to reducing Green House Gas emission? If yes, then provide details.**

Yes. The Company has undertaken projects to reduce greenhouse gas emissions through energy efficiency and the use of renewable energy. The Company has installed energy-efficient LED lighting with inbuilt sensors in critical areas and implemented smart HVAC systems that optimize cooling based on real-time occupancy and weather conditions, both of which help reduce electricity consumption. Additionally, the Company has installed rooftop solar power at Elpro City Square Mall, Pune, under a Power Purchase Agreement (PPA) model, reducing reliance on conventional energy sources. These measures have led to optimized energy use, lower operational costs, and a more sustainable business model, contributing to the reduction of GHG emissions.

**10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes**

The Company does not generate or utilize hazardous waste in its operations. For non-hazardous waste, a structured waste management system is in place, with a strong focus on efficient handling and processing of organic waste. To achieve this, the Company has adopted advanced decentralized organic waste management technologies provided by Smartenviro Systems Private Limited.

One of the key solutions used is the SMART Xpress Composting Machine, which treats biodegradable waste directly at the source. The process begins with the collection and segregation of organic waste, which is then broken down by the system using shredding (optional), heating, and microbial action. The machine operates at thermophilic temperatures of about 50-55°C, enabling rapid decomposition and moisture reduction. Within 3-4 days, the system produces high-quality compost that can be directly applied to soil as a conditioner, thereby enhancing soil fertility.

This approach minimizes waste volume, reduces the environmental footprint of disposal, and ensures that organic waste is turned into a useful by-product. By processing waste at the source and generating compost, the Company demonstrates a sustainable and effective waste management strategy while avoiding reliance on hazardous chemicals in its processes.

**11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:**

S. No.	Location of operations/offices	Types of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
--------	--------------------------------	---------------------	---

The Company does not conduct its operations in ecologically sensitive or environmentally fragile regions. This approach reflects a precautionary stance aimed at reducing potential ecological risks and safeguarding biodiversity. By ensuring that its facilities are not located within such vulnerable zones, the Company limits its environmental footprint and avoids disruption to natural habitats.

**12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:**

Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
-----------------------------------	----------------------	------	---	--	-------------------

No Environmental Impact Assessment (EIA) was undertaken by the Company during the current reporting year.

**13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, and Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:**

Serial Number	Specify the law / regulation / guidelines which was not complied with	Provide details of the non-compliance	Any fines / penalties / action taken by regulatory agencies such as pollution control boards or by courts	Corrective taken, if any action
---------------	---	---------------------------------------	---	---------------------------------

There were no material non-compliances reported in the financial year.

### Leadership Indicators

**1. Water withdrawal, consumption and discharge in areas of water stress (in kilolitres):**

For each facility / plant located in areas of water stress, provide the following information:

- (i) Name of the area – Not Applicable
- (ii) Nature of operations – Not Applicable

(iii) Water withdrawal, consumption and discharge in the following format:

Parameter	FY 2024-25	FY 2023-24
<b>Water withdrawal by source (in kilolitres)</b>		
(i) Surface water		
(ii) Groundwater		
(iii) Third party water		
(iv) Seawater / desalinated water		
(v) Others		
<b>Total volume of water withdrawal (in kilolitres)</b>		Not Applicable
<b>Total volume of water consumption (in kilolitres)</b>		
Water intensity per rupee of turnover (Water consumed / turnover)		
Water intensity (optional) – the relevant metric may be selected by the entity		
Water discharge by destination and level of treatment (in kilolitres)		
(i) Into Surface water		
- No treatment		
- With treatment – please specify level of treatment		
(ii) Into Groundwater		
- No treatment		
- With treatment – please specify level of treatment		
(iii) Into Seawater		
- No treatment		
- With treatment – please specify level of treatment		Not Applicable
(iv) Sent to third-parties		
- No treatment		
- With treatment – please specify level of treatment		
(v) Others		
- No treatment		
- With treatment – please specify level of treatment		
<b>Total water discharged (in kilolitres)</b>		

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N)  
If yes, name of the external agency.

No external review or independent analysis has been conducted to evaluate our operations, performance, or compliance with applicable standards and regulations.

**2. Please provide details of total Scope 3 emissions & its intensity, in the following format:**

Scope 3 emissions have been calculated on a limited basis, considering only the waste generated and disposed of during the Company's operations.

Parameter	Unit	FY 2024-25	FY 2023-24
Total Scope 3 emissions - Limited (Break-up of the GHG into CO <sub>2</sub> , CH <sub>4</sub> , N <sub>2</sub> O, HFCs, PFCs, SF <sub>6</sub> , NF <sub>3</sub> , if available)	Metric tonnes of CO <sub>2</sub> equivalent	4.00	3.74
Total Scope 3 emissions per rupee of turnover	Metric tonnes of CO <sub>2</sub> Equivalent/Rupee	0.0000000019	0.0000000033
Total Scope 3 emission intensity per Employee	Metric tonnes of CO <sub>2</sub> Equivalent/Employee	0.074	0.062

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No external review or independent analysis has been conducted to evaluate our operations, performance, or compliance with applicable standards and regulations.

With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

The Company does not conduct its operations in ecologically sensitive or environmentally fragile regions. This approach reflects a precautionary stance aimed at reducing potential ecological risks and safeguarding biodiversity. By ensuring that its facilities are not located within such vulnerable zones, the Company limits its environmental footprint and avoids disruption to natural habitats.

**3. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:**

Sr. No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1	LED lighting for energy optimization	<p>The Company has deployed Light Emitting Diode (LED) lighting across multiple areas to improve energy utilization:</p> <p>Parking Area:</p> <ul style="list-style-type: none"> <li>20 Watts LED lights</li> <li>36 Watts LED lights</li> </ul> <p>Mall Common Area:</p> <ul style="list-style-type: none"> <li>15 Watts LED lights</li> <li>12 Watts LED lights</li> <li>7 Watts LED lights</li> <li>30 Watts LED lights</li> </ul>	<p>The use of LED lighting has resulted in reduced energy consumption and improved operational efficiency:</p> <p>Enhanced Energy Efficiency: LEDs require much less electricity compared to conventional incandescent or fluorescent lamps, generating significant energy savings.</p> <p>Lower Power Demand: LEDs produce equivalent light using less energy, making them more efficient.</p> <p>Extended Lifespan: Longer-lasting LED lamps minimize replacement frequency and conserve resources further.</p>
2	Indoor greenery through potted plants	<p>The Company has enhanced the premises by placing potted plants across different sections of the mall to create a healthier and eco-friendly environment.</p>	<p>This initiative supports reduction of greenhouse gas (GHG) emissions and mitigates indoor air pollutants. It has also contributed to improved indoor air quality, increased greenery within the workplace, and created a more welcoming, sustainable, and pleasant atmosphere for employees as well as visitors.</p>

Sr. No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
3	Installation of rooftop solar panels	The Company has commissioned a rooftop solar power system at the mall, capable of generating approximately 630 kWh of electricity per hour. This clean energy source directly supports the mall's electricity requirements while reducing dependence on conventional grid power.	The initiative has lowered greenhouse gas emissions by substituting renewable energy for fossil-fuel-based electricity. In addition, the solar system powers energy-efficient devices such as LEDs and CFLs, which operate effectively with lower voltage, thereby minimizing power losses and improving overall efficiency. This results in significant cost savings, reduced energy intensity, and a more sustainable energy model.
4	On-site treatment of organic biodegradable waste	The Company has deployed a SMART Xpress Composting machine within the premises to process organic biodegradable waste directly at the source. The system uses a simple mechanism to break down organic matter, followed by a 2-3 day curing process, resulting in deodorized compost.	This initiative promotes sustainable waste management by diverting organic waste from landfills and converting it into nutrient-rich compost. The compost acts as a natural soil conditioner, enhancing fertility, improving soil structure, and supporting healthier plant growth, thereby contributing to circular economy practices.

**4. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.**

Yes, the Company has a Disaster Management Plan in place. The plan identifies potential risks to operations, people, and property, and defines clear steps to minimize damage and restore normalcy. It can be activated fully or partially, with initial alerts verified internally and communicated through the public address system. Dedicated teams manage specific responsibilities, including overall coordination, communication, firefighting, medical assistance, evacuation, and support for vulnerable individuals. Procedures cover evacuation protocols, manual call point activation, and handling of emergencies such as bomb threats, while emergency contact numbers are clearly listed. This ensures preparedness, coordination, and safety during disruptions.

**5. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard?**

There have been no significant environmental impacts observed across the Company's value chain during the reporting period.

**6. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts.**

The Company has not undertaken an evaluation of its value chain partners for environmental impacts in the reporting year. This aspect may be considered for review in the future as required.

**7. How many Green Credits have been generated or procured:14**

- By the listed entity – Nil
- By the top ten (in terms of value of purchases and sales, respectively) value chain partners – Nil

<sup>14</sup> The above disclosure is made as per the SEBI circular SEBI/HO/CFD/CFD-PoD-1/P/CIR/2025/42 dt. 28th March 2025.

**PRINCIPLE 7: Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent**

**Essential Indicators**

**a) Number of affiliations with trade and industry chambers/ associations.**

The Company is a part of one Industry Chamber / Association.

**b) List the top 10 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to.**

S. No	Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/National)
1	Shopping Centre Association of India (SCAI)	National

1. Provide details of corrective action taken or underway on any issues related to anticompetitive conduct by the entity, based on adverse orders from regulatory authorities

Name of authority	Brief of the case	Corrective active taken
There have been no instances of anti-competitive conduct by the entity.		

#### Leadership Indicators

1. Details of public policy positions advocated by the entity:

Sr. No	Public policy advocated	Method resorted for such advocacy	Whether information available in public domain? (Yes/No)	Frequency of Review by Board (Annually/ Half yearly/ Quarterly / Others – please specify)	Web Link, If available
The Company did not engage in any public policy advocacy during the reporting year.					

#### PRINCIPLE 8: Businesses should promote inclusive growth and equitable development

##### Essential Indicators

1. Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.

Name and Brief details of project	SIA Notification No.	Date of notification	Whether conducted by independent external agency (Yes/No)	Results communicated in public domain (Yes/ No)	Relevant Web Link
No Social Impact Assessment (SIA) projects were undertaken by the Company during the reporting year.					

2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity, in the following format:

S. No	Name of Project for which R&R is ongoing	State	District	No. of Project Affected Families (PAFs)	5 of PAFs covered by R&R	Amounts paid to PAFs in the FY (in INR)
Not Applicable. No project attracting R&R was undertaken by the Company in the reporting year.						

3. Describe the mechanisms to receive and redress grievances of the community.

For any grievances, the community can contact the Company through its official website: [www.elpro.co.in](http://www.elpro.co.in). The Company is committed to resolving such grievances in a timely and responsible manner.

4. Percentage of input material (inputs to total inputs by value) sourced from suppliers:

	FY 2024-25	FY 2023-24
Directly sourced from MSMEs/ small producers	47.32%	48.85%
Directly from within India	23.05%	8.14%

5. **Job creation in smaller towns – Disclose wages paid to persons employed (including employees or workers employed on a permanent or non-permanent / on contract basis) in the following locations, as % of total wage cost**

Location	FY 2024-25	FY 2023-24
Rural	Nil	Nil
Semi-Urban	Nil	Nil
Urban	74.38	72.35
Metropolitan	25.62	27.65

#### Leadership Indicators

1. **Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential Indicators above):**

Details of negative social impact identified	Corrective action taken
Not Applicable.	

2. **Provide the following information on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies:**

S. No	State	Aspirational District	Amount spent (In INR)
Nil. No on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies.			

3. (a) Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalized /vulnerable groups? (Yes/No)
- At present, the Company does not have specific initiatives in place to encourage the on boarding of suppliers from marginalized or vulnerable groups. However, there is an acknowledgment of the potential importance of such initiatives. The Company expresses a commitment to assessing the need for these initiatives and undertaking them accordingly in the future.
- (b) From which marginalized /vulnerable groups do you procure?  
Not Applicable
- (c) What percentage of total procurement (by value) does it constitute?  
Not Applicable

4. **Details of the benefits derived and shared from the intellectual properties owned or acquired by your entity (in the current financial year), based on traditional knowledge:**

S. No	Intellectual Property based on traditional knowledge	Owned/ Acquired (Yes/No)	Benefit shared (Yes / No)	Basis of calculating benefit share
Not Applicable				

5. **Details of corrective actions taken or underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved.**

Name of authority	Brief of the case	Corrective Action taken
Not Applicable		

6. **Details of beneficiaries of CSR Projects:**

S. No	CSR Project	No. of persons benefitted from CSR projects	% of beneficiaries from vulnerable and marginalized groups
Nil			

Note: The Company was having surplus arising out of the CSR projects or programmes or activities of the previous financial years (excess amount spent in the earlier years) of Rs. 261.21 Lakhs and out of which, the Company have set off the CSR liability of Rs. 43.50 Lakhs for financial year 2024-25, in compliance with Section 135 of the Companies Act, 2013 read with the Companies (Corporate Social Responsibility Policy) Rules, 2014. For more details, kindly refer Annexure IV to the Directors' Report i.e., Report on Corporate Social Responsibility (CSR) Activities.

**PRINCIPLE 9: Businesses should engage with and provide value to their consumers in a responsible manner****Essential Indicators****1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.**

The Company receives consumer complaints and feedback through Customer Feedback Forms, Google My Business, and Social Media.

**2. Turnover of products and/ services as a percentage of turnover from all products/service that carry information about:**

As a percentage to total turnover	
Environmental and social parameters relevant to the product	
Safe and responsible usage	Nil
Recycling and/or safe disposal	

**3. Number of consumer complaints in respect of the following:**

	FY 2024-25		Remarks	FY 2023-24		Remarks
	Received during the Year	Pending resolution at end of year		Received during the Year	Pending resolution at end of year	
Data Privacy	Nil			Nil

**4. Details of instances of product recalls on account of safety issues:**

	Number	Reasons for recall
Voluntary recalls	Not Applicable.	
Forced recalls		

**5. Does the entity have a framework/ policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy**

Yes, the Company has a Cybersecurity policy in place. This policy is accessible to all employees as it is made available on the Company's intranet. This ensures that employees of the organization have ready access to the guidelines and regulations outlined in the said policy, promoting awareness and adherence to established standards for information technology usage within the Company.

**6. Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services.**

Not Applicable.

**7. Provide the following information relating to data breaches:**

- a. Number of instances of data breaches  
Nil

- b. Percentage of data breaches involving personally identifiable information of customers  
Not Applicable

### SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED March 31, 2025

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,  
The Members,  
**Elpro International Limited**

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Elpro International Ltd.** (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31<sup>st</sup> March, 2025 ('Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31<sup>st</sup> March, 2025 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
  - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
  - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

- (c) The Securities and Exchange Board of India (Issue of Capital and  
Disclosure Requirements) Regulations, 2018 (**Not applicable to the Company during the Audit Period**);
- (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021(**Not applicable to the Company during the Audit Period**);
- (e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 (**Not applicable to the Company during the Audit Period**);
- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client (**Not applicable to the Company during the Audit Period**);
- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 and
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 (**Not applicable to the Company during the Audit Period**)

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India with respect to board and general meetings.
- (ii) The Listing Agreement entered into by the Company with BSE Ltd. read with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

#### I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice was given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were

generally sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision of the Board of Directors and its Committees is carried through and are captured and recorded as part of the minutes. There were no dissenting views.

**I further report that** there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

**I further report that** during the audit period, the following events/actions were having a major bearing on the company's affairs in pursuance of the above referred laws, rules, regulations, guidelines etc:

- A. the members of the Company by resolution passed through postal ballot on 19th April, 2024 approved re-classification of Authorised Share Capital and consequent alteration of Memorandum of Association;

# Standalone Financial Statements

# INDEPENDENT AUDITOR'S REPORT

THE BOARD OF DIRECTORS  
ELPRO INTERNATIONAL LIMITED

REPORT ON THE AUDIT OF THE STANDALONE  
FINANCIAL STATEMENTS

OPINION

We have audited the accompanying Standalone Financial Statements of Elpro International Limited (hereinafter referred to as "the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the Financial Statements, including a summary of material accounting policies and other explanatory notes for the year ended on that date (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 (hereinafter referred to as "the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards notified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, (hereinafter referred to as the "Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (hereinafter

referred to as "the SAs") specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the "Auditors' Responsibilities for the Audit of the Standalone Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (hereinafter referred to as "the ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have considered the matters described below to be the key audit matters to be communicated in our report.

We have fulfilled the responsibilities described in the "Auditors' Responsibilities for the Audit of the Standalone Financial Statements" section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Standalone Financial Statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Standalone Financial Statements.

Sl. No.	Key Audit Matters	Auditors' Response
1.	<p>The Company holds significant investments in unquoted equity shares, which are classified at fair value through other comprehensive income or fair value through profit or loss in accordance with Ind AS 109.</p> <p>Due to the absence of active market quotations for these investments, the fair value determination relies on valuation techniques, such as the Net Asset Value (NAV) method, discounted cash flow (DCF) models, or comparable company multiples. These methods involve significant management judgment, particularly concerning assumptions like discount rates, growth projections, and market comparable.</p> <p>Given the inherent estimation uncertainty and the material impact on the financial statements, the valuation of these unquoted equity investments was a key area of focus in our audit.</p>	<p>Our audit procedures included, among others:</p> <ul style="list-style-type: none"><li>Evaluating the appropriateness of the valuation methodologies applied by management, considering the requirements of Ind AS 113 'Fair Value Measurement'</li><li>Reviewing the valuation report provided by the valuer appointed by the Company for this purpose.</li><li>Assessing the reasonableness of key assumptions and inputs used in the valuation models, including discount rates, growth rates, and market multiples, by comparing them with external data sources and industry benchmarks.</li><li>Reviewing the adequacy and transparency of the disclosures related to unquoted equity investments in the financial statements, ensuring compliance with the disclosure requirements of Ind AS 107 'Financial Instruments: Disclosures' and Ind AS 113 'Fair Value Measurement'.</li></ul>

## INFORMATION OTHER THAN THE STANDALONE FINANCIAL AND AUDITORS' REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the Standalone Financial Statements, Consolidated Financial Statements and our Auditors' Reports thereon. Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information identified above when it becomes available, and, in doing so, consider whether such other information is materially inconsistent with the Standalone Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report with respect to the above.

## RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these Standalone Financial Statements in terms of the requirements of the Act that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with accounting principles generally accepted in India including the Ind AS. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, the Board of Directors is responsible for assessing the ability of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the financial reporting process of the Company.

## AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that

an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to the Standalone Financial Statements in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the Standalone Financial Statements made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought

to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Other Matters

The audit of the Standalone Financial Statements for the year ended March 31, 2024 was conducted and reported by the predecessor auditor as per the Act and had expressed unmodified opinion vide their audit report dated May 30, 2024. Our opinion on the Standalone Financial Statements is not modified in respect of this matter.

## REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. Further to our comments in the annexure referred to in the paragraph above, as required by Section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - b) Proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for the matters stated in 3(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014;
  - c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of account;
  - d) In our opinion, the aforesaid Standalone Financial Statements comply with the Indian Accounting Standards notified under Section 133 of the Act, read with the relevant Rules as amended from time to time;
  - e) On the basis of the written representations received from the Directors as on March 31, 2025 taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2025 from being appointed as a Director in terms of Section 164(2) of the Act;
3. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended) from time to time, in our opinion and to the best of our information and according to the explanations given to us:
  - i. Pending litigations (other than those already recognized in the accounts) having material impact on the financial position of the Company have been disclosed in the Standalone Financial Statements as required in terms of accounting standards and provisions of the Act – refer note 54 of the Standalone Financial Statements.
  - ii. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There was no amount which was required to be transferred to the Investor Education and Protection Fund by the Company.
  - iv.
    - a. The management has represented that, to the best of its knowledge and belief as disclosed in note no. 58(iv) to the Standalone Financial Statements, no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
    - b. The management has represented that, to the best of its knowledge and belief as disclosed in note no. 58(iv) to the Standalone Financial Statements, no funds (which are material either individually or in aggregate) have been received by the Company
- f) The observation relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(b) above on reporting under section 143(3)(b) of the Act and paragraph 3(vi) below on reporting under rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
- g) With respect to the adequacy of the internal financial controls with reference to the Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial control with reference to the Standalone Financial Statements of the Company.

from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- c. Based on such audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) of Companies (Audit and Auditors) Rules, 2014 as amended from time to time, as provided under (a) and (b) above, contain any material misstatement.
- v. The interim dividend declared and paid by the Company during the year and until the date of this report are in compliance with section 123 of the Act to the extent it applies to declaration of dividend.
- vi. Based on our examination which included test checks and in accordance with requirements of Implementation Guide on Reporting on Audit Trail under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, the Company has used accounting software "Tally" for maintaining its books of account which has a feature of recording audit trail (edit log) enabled at the individual entry

level but not at the application level as a whole. Furthermore, the company is maintaining the manual records in case of Property, plant and equipment and investments and hence audit trail feature is not applicable to these records. The audit trail in Tally has operated throughout the year for all relevant transactions recorded in the software.

Further, there are no instances of audit trail feature being tampered with, wherever maintained, and the same has been preserved by the company as per the statutory requirements for record retention.

4. With respect to the reporting of Other Matters under section 197(16) of the Act to be included in the Auditors' Report, in our opinion and according to the information and explanations given to us, the remuneration (including sitting fees) paid by the Company to its Directors during the current financial year is in accordance with the provisions of section 197 of the Act and is not in excess of the limit laid down therein.

- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company, hence, the reporting under paragraph 3(xii) of the Order is not applicable.

- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with provisions of sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv. a. In our opinion and according to the information and explanations given to us, the Company has an internal audit system commensurate with the size and nature of its business.
- b. We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures in accordance with the guidance provided in SA 610 "Using the Work of Internal Auditors".
- xv. According to the information and explanations given to us and as represented to us by the management and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with the directors or persons connected with them and hence, reporting under paragraph 3(xv) of the Order is not applicable.
- xvi. According to the information and explanations given to us and based on our examination of the books and records of the Company:
- a. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934;
- b. The Company has not conducted any non-banking financial or housing finance activities during the year;
- c. The Company is not a Core Investment Company (hereinafter referred to as "CIC") as defined in the Core Investment Companies (Directions), 2016, as amended from time to time, issued by the Reserve Bank of India and hence, reporting under paragraph 3(xvi)(c) of the Order is not applicable; and
- d. Based on the representation received from the management, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly, reporting under paragraph 3(xvi)(d) of the Order is not applicable.
- xvii. Based on the examination of the books of accounts we report that the Company has not incurred cash losses in the current financial year covered by our audit or in the immediately preceding financial year.
- xviii. There has been no resignation of statutory auditors during the year and hence, reporting under paragraph 3(xviii) of the Order is not applicable.
- xix. According to the information and explanations provided to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. According to the information and explanations given to us and based on our examination of the books and records, the Company has excess CSR spends carried forward from previous years and hence the Company has not spent anything towards the amount of Corporate Social Responsibility during the year, as required under subsection (5) of Section 135 of the Act. Accordingly, there is no unspent amount for the Company
- xxi. The reporting under paragraph 3(xxi) of the Order is not applicable in respect of audit of Standalone financial statements.

## ANNEXURE "B" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in point (f) of paragraph 2 under 'Report on Other Legal and Regulatory Requirements' of our report of even date) to the members of Elpro International Limited

### Report on the Internal Financial Controls with reference to Standalone financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Elpro International Limited ("the Company") as at March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

### MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE STANDALONE FINANCIAL STATEMENT

The Board of Directors of the Company are responsible for establishing and maintaining internal financial controls based on the internal financial control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (hereinafter referred to as "the Guidance Note") issued by the Institute of Chartered Accountants of India (hereinafter referred to as "the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by ICAI and the Standards on Auditing as specified under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to the standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the standalone financial statements

included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to the standalone financial statements.

### MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

A company's internal financial control with reference to the standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to the standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of the standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

### INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to the standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the standalone financial statements to future periods are subject to the risk that the internal financial control with reference to the standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**OPINION**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to the standalone financial statements and such internal financial controls with reference to the standalone financial statements were operating effectively as at March 31, 2025, based on the internal financial control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India.

# Notes forming part of Standalone Financial Statement

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

## Background

**Elpro International Limited** ("Elpro" or the "Company") was incorporated as a Limited Company in India under the Companies Act in the year 1962 having its registered office in Mumbai. The Company primarily engages in the business of manufacturing of other electrical equipment like Lighting Arresters, Varistors, Surge Arrester and also in real estate development and services. The Company has manufacturing plant located at Chinchwad, Pune, Maharashtra. The Company is also involved in investing in listed and unlisted equity shares, debt instruments and mutual funds etc. of companies in wide range of industries. The share of the company is listed on the Bombay Stock Exchange (BSE).

## 1. Basis of preparation

### 1.1. Statement of compliance and recent pronouncements

#### 1.1.1. Statement of compliance

The standalone financial statements have been prepared in compliance with Indian Accounting Standards (hereinafter referred to as the 'Ind AS') notified under Section 133 of the Companies Act, 2013 (hereinafter referred to as 'the Act') read with the Companies (Indian Accounting Standards) Rules, 2015, Companies (Indian Accounting Standards) Amendment Rules, 2016 (hereinafter referred to as 'the Ind AS') and other relevant provisions of the Act.

The standalone financial statements of the Company for the year ended March 31, 2025 were approved for issue in accordance with the resolution of the Board of Directors on May 15, 2025.

#### 1.1.2. Recent accounting pronouncements

##### a. Application of new and revised standards

During the year ended March 31, 2025, the Company considered the amendments notified by the Ministry of Corporate Affairs (MCA) through the 1st Amendment dated August 12, 2024, the 2nd Amendment dated September 9, 2024, and the 3rd Amendment dated September 28, 2024 to the Companies (Indian Accounting Standards) Rules, 2015.

These amendments primarily relate to the introduction of Ind AS 117 – Insurance Contracts, along with consequential changes to other standards including Ind AS 101, 103, 104, 105, 107, 109, and 115, which address accounting and disclosure requirements for insurance contracts and financial guarantee contracts. The amendments also include changes to Ind AS 116 – Leases, specifically addressing accounting and disclosure requirements for sale and leaseback arrangements.

The adoption of these amendments to the extent applicable to the Company did not have impact on the profit or loss and earnings per share of the Company for the year.

##### b. Standards issued but not yet effective

The Ministry of Corporate Affairs (MCA), vide notification dated May 07, 2025, has amended Indian Accounting Standard (Ind AS) 21 – The Effects of Changes in Foreign Exchange Rates and Ind AS 101 – First-time Adoption of Indian Accounting Standards. These amendments are applicable for annual reporting periods beginning on or after April 01, 2025.

The key amendment relates to providing guidance for assessing lack of exchangeability between currencies and estimating the spot exchange rate when a currency is not exchangeable. Additional disclosure requirements have also been introduced in such scenarios, including the nature and financial effect of the currency in exchangeability, the estimation methodology used, and risks arising therefrom.

The Company is currently evaluating the impact of these amendments and expects that their application will not have a material effect on the standalone financial statements.

#### 1.2. Basis of measurement

The standalone financial statement are prepared on the accrual basis as a going concern and under the historical cost basis, except for certain financial assets and liabilities, which are measured at fair value and defined benefit plans for employees that are measured as per actuarial valuation under Projected Unit Credit Method at the end of each reporting date as required under relevant Ind AS.

#### 1.3. Form of presentation

The Standalone Balance Sheet, Standalone Statement of Profit and Loss (including Other Comprehensive Income) and Standalone Statement of Changes in Equity adhere to the format prescribed in Division II of Schedule III to the Act. The Standalone Statement of Cash Flows is prepared and presented as per the requirements of Ind AS.

A summary of material accounting policies and other explanatory information is provided in accordance with the Companies (Indian Accounting Standards) Rules, 2015 as notified under section 133 of the Act and accounting principles generally accepted in India.

#### 1.4. Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded off to the nearest lakhs with two places of decimals, unless otherwise indicated.

#### 1.5. Use of estimates and judgments

The preparation of standalone financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the reported balances of assets and liabilities and disclosures

# Notes forming part of Standalone Financial Statement

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

relating to the contingent liabilities as at the date of the standalone financial statements and the reported amount of income and expenses for the reporting period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgements and the use of assumptions in the standalone financial statements have been disclosed as applicable in the respective notes to accounts.

Accounting estimates can change from period to period. Future results could differ from these estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the standalone financial statements in the period in which changes are made and if material, their effects are disclosed in the notes to the standalone financial statements.

## 1.6. Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values.

This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and reports directly to the chief financial officer.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments.

If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Significant valuation issues are reported to the Company's audit committee.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred

Further information about the assumptions made in measuring fair values is included in Note 49 – Financial instruments – Fair values and risk management

## 1.7. Current vs non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

## 1.8. Material accounting policies

### 1.8.1. Property, plant and equipment

#### a. Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labor, any other costs directly attributable to bringing the item to working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.

#### b. Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

#### c. Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method, and is generally recognized in the statement of profit and loss. The useful life of the asset is determined as prescribed in schedule II to the Companies Act, 2013 as follows:

- Plant and machinery (including office equipment) – 5 to 25 years
- Furniture and Fixtures – 5 to 10 years
- Vehicles – 8 years

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on

technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation of additions (disposals) is provided on a pro-rata basis i.e. from (up to) the date on which asset is ready for use (disposed of).

#### d. Derecognition of property, plant and equipment

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from its use or disposal. Gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

#### e. Reclassification to investment property

When the use of a property changes from owner-occupied to investment property, the property is reclassified as investment property at its carrying amount on the date of reclassification.

### 1.8.2. Intangible assets

#### a. Service concession arrangements - Windmill

The Company recognizes an intangible asset arising from a service concession arrangement to the extent it has a right to charge the regulator for sale of electricity at agreed prices. Subsequent to initial recognition, the intangible asset is measured at cost, less any accumulated amortization and accumulated impairment losses.

#### b. Others

Other intangible assets include software and technical know-how which are measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortization and any accumulated impairment losses.

#### c. Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognized in profit or loss as incurred.

#### d. Amortization

Amortization is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method and is included in depreciation and amortization in Statement of Profit and Loss. The useful life of the asset is determined as prescribed in schedule II to the Companies Act, 2013.

# Notes forming part of Standalone Financial Statement

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

## 1.8.3. Investment property

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Upon initial recognition, an investment property is measured at cost. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any.

An investment property is derecognized upon disposal or when no future economic benefits are expected to arise from its use or disposal. Gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

Property that is being constructed for future use as investment property is accounted for as investment property under construction until construction or development is complete. All costs which are directly attributable to construction of the investment property are capitalized.

Depreciation is calculated on cost of items of investment property less their estimated residual values over their estimated useful lives using the straight-line method and is generally recognized in the statement of profit and loss. The useful life of the asset is determined as prescribed in schedule II to the Companies Act, 2013 as follows:

- Buildings – 60 years
- Plant and machinery (including office equipment) – 5 to 30 years
- Furniture and Fixtures – 5 to 10 years

## 1.8.4. Right of Use Assets (ROU Assets)

The Company recognizes right-of-use asset at the commencement date of the respective lease. Upon initial recognition, cost comprises of the initial lease liability, initial direct costs incurred when entering into the leases, an estimate of the cost of dismantle and removal of the underlying assets. Prepaid lease payments (including the difference between nominal amount of the deposit and the fair value) are also included in the initial carrying amount of the ROU Asset. They are subsequently measured at cost less accumulated depreciation and impairment loss, if any.

The ROU assets are presented as a separate line in the balance sheet. The residual values, useful lives and methods of depreciation of ROU Asset are reviewed at the end of each financial year and adjusted prospectively, if appropriate.

Variable rents that do not depend on an index or rate are not included in the measurement of ROU Assets. The related payments are recognized as an expense in the

period in which the event or condition that triggers those payments occurs and are included in the line Statement of Profit and Loss.

Leasehold premises are amortized/ depreciated over the period of the lease. Leasehold improvements are amortized/ depreciated over the period of the lease or useful life of respective assets whichever is less.

## 1.8.5. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Company recognizes a financial asset or a liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

### a. Financial assets

#### i. Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of financial assets. Investments in subsidiary companies, associate and joint venture are carried at cost as per Ind AS 27 - Separate Financial Statements. Trade or Other receivables that do not contain a significant financing component (as defined in Ind AS 115) which are recorded at transaction price.

#### ii. Subsequent measurement

For purposes of subsequent measurement, financial assets of the Company are classified in three categories:

- Amortized cost;
- FVTOCI (fair value through other comprehensive income) – Debt investment;
- FVTOCI (fair value through other comprehensive income) – Equity investment; or
- FVTPL (fair value through profit or loss)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

- Amortized cost

Debt instruments are measured at amortized cost if the asset is held within a business model whose

objective is to hold financial assets in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. These financial assets are measured at amortized cost by using the effective interest rate (EIR) method, less impairment, if any. The Company recognizes the interest income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit and loss.

- FVOCI (fair value through other comprehensive income) – Debt investment

Debt instruments are measured at fair value through other comprehensive income, if the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company measures debt instruments included within the FVOCI category at each reporting date at fair value with such changes being recognized in Other Comprehensive Income (OCI). The Company recognizes interest income on these assets in statement of profit and loss.

- FVOCI (fair value through other comprehensive income) – Equity investment

On initial recognition of an equity investment (directly or through different market schemes) that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis.

These assets are subsequently measured at fair value. Dividends are recognized as income in statement of profit or loss unless the dividend clearly represents a recovery of part

of the cost of the investment. Other net gains and losses are recognized in OCI and are not reclassified to profit or loss.

- FVTPL (fair value through profit or loss)

All financial assets not classified as measured at amortized cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise. These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in profit or loss.

## iii. Impairment of financial assets

In accordance with Ind-AS 109, the company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortized cost e.g., loans, debt securities, deposits, and bank balance;
- Lease receivables;
- Other trade receivables, etc.

The company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component and all lease receivables resulting from transactions.

The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECL's at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines whether there has been a significant increase in the credit

# Notes forming part of Standalone Financial Statement

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

## iv. Derecognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

## b. Financial Liabilities

- Financial liabilities are classified as measured at amortized cost or FVTPL. Financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.
- The Company derecognizes financial liability when its contractual obligations are discharged or cancelled or expire. The Company also derecognizes financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The

difference between the carrying amount of financial liability extinguished and the new financial liability with modified terms is recognized in profit or loss.

## c. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

## 1.8.6. Revenue recognition

In accordance with Ind AS 115 "Revenue from Contracts with Customers" Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration that the company expects to receive in exchange for those products or services.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other credits, if any, as specified in the contract with the customer. The following are the revenue recognized by the company through Statement of Profit and Loss:

- Revenue from sale of goods is recognized upon transfer of control of promised products to customer in an amount that reflects the consideration which the Company expects to receive in exchange for those products.
- Revenue in respect of rental and maintenance services is recognized on an accrual basis, in accordance with the terms of the respective contract as and when the Company satisfies performance obligations by delivering the services as per contractually agreed terms.
- Revenue from wind mill power project is recognized on the basis of actual power sold as per the terms of the power purchase agreements entered into with the respective parties.
- Revenue from real estate projects: Revenue is recognized at the point of time w.r.t., sale of real estate units, including land, plots, apartments, commercial units, development rights including development agreements as and when the control passes on to the customer which coincides with handing over of the possession to the customer.
- Dividend income (including from FVOCI investments) is recognized when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably. This is generally when the shareholders or Board

# Notes forming part of Standalone Financial Statement

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

of Directors approve the dividend.

- f. Under Ind AS 109 "Financial Instruments", interest income is recorded using the Effective Interest Rate (EIR) method for all financial instruments measured at amortized cost, debt instruments measured through fair value through other comprehensive income or fair value through profit or loss. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset. The EIR (and therefore the amortized cost of the asset) is calculated by taking into account any discount or premium on acquisition, fees and costs that are integral part of the EIR.
- g. The Company's share in profits/ (losses) from Limited Liability Partnerships (LLPs), where company is a partner, is recognized as income/ loss in the statement of profit and loss as and when the right to receive its profit/ loss share is established by the company in accordance with the terms of contract between the company and the LLP.
- h. Contract Balances

A Contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional.

Trade receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

Contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. Contracts in which the goods or services transferred are lower than the amount billed to the customer, the difference is recognized as "Unearned revenue" and presented in the Balance Sheet under "Other current liabilities".

## 1.8.7. Leases

The Company enters into contract as a lessee for assets taken on lease. The Company at the inception of a contract assesses whether the contract contains a lease by conveying the right to control the use of an identified asset for a period of time in exchange for consideration. A Right-of-use asset is recognized representing its right to use the underlying asset for the lease term at the lease commencement date except in case of short term leases with a term of twelve months or less and low value

leases which are accounted as an operating expense on a straight line basis over the lease term.

The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred. The Right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability.

The Right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognized in the Statement of Profit and Loss.

## 1.8.8. Inventories

Inventories are stated at the lower of cost and net realizable value. In determining the cost of loose tools, stores and spares, raw materials and components, the weighted average method is used. Cost of manufactured components, work in progress and manufactured finished goods include cost of conversion and other costs incurred in bringing the inventories to their present location and condition which is determined on absorption cost basis.

Project in progress is valued at lower of cost or net realizable value. Cost includes cost of land, materials, construction, services, borrowing costs and other overheads relating to the particular projects.

## 1.8.9. Impairment of non-financial assets

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into Cash-Generating Units (CGU's). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGU's.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the

# Notes forming part of Standalone Financial Statement

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

statement of profit and loss. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGU's) on a pro rata basis.

In respect of assets for which impairment loss has been recognized in prior periods, the company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

## 1.8.10. Employee benefits

### a. Short term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid e.g., under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

### b. Retirement benefits

#### i. Defined benefit obligations

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognized asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling

(if any, excluding interest), are recognized in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past services ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognized immediately in profit or loss. The Company recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

#### ii. Defined contribution plans

The Company's contribution to provident fund is considered as defined contribution plan and is charged as an expense based on the amount of contribution required to be made. The Company has no further payment obligations once the contributions have been paid.

## 1.8.11. Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized if as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognized at the best estimate of the expenditure required to settle the present obligation at the balance sheet date. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are disclosed in the financial statements when an inflow of economic benefit is probable. However, when the realization of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate.

## 1.8.12. Foreign currency transactions

# Notes forming part of Standalone Financial Statement

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

Transactions in foreign currencies are translated into the respective functional currencies of company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined.

Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognized in profit or loss.

## 1.8.13. Cash and cash equivalents

Cash and cash equivalents include cash on hand, call deposits and other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

## 1.8.14. Income tax

Income tax comprises current and deferred tax. It is recognized in profit or loss except to the extent that it relates to a business combination or to an item recognized directly in equity or in other comprehensive income.

### a. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on a net basis or simultaneously.

### b. Deferred tax

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the

extent that it is probable that taxable profit will be available against the deductible temporary differences, and the carry forward of unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The Company has exercised the option permitted under Section 115BAA of the Indian Income Tax Act, 1961.

## 1.8.15. Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalized as part of the cost of that asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

## 1.8.16. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). Chief operating decision maker's function is to allocate the resources of the entity and assess the performance of the operating segment of the Company.

The Board of Directors (CODM) assesses the financial performance and position of the company and makes strategic decisions and is identified as being the chief operating decision maker for the Group. Refer note 50 for segment information presented.

## 1.8.17. Earnings per share

Basic EPS is computed using the weighted average

# Notes forming part of Standalone Financial Statement

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

number of equity shares outstanding during the period. Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the period except where the results would be anti-dilutive.

## 1.9. Significant Accounting Judgements, Estimates and Assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require material adjustment to the carrying amount of assets or liabilities affected in future periods.

The key assumptions and estimate at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities are described below. These assumptions and estimates are based on available parameters as on the date of preparation of financial statements. These assumptions and estimates, however, may change due to market changes or circumstances arising that are beyond the control of the Company.

### a. Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortized cost or fair value through other comprehensive income that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

### b. Operating Lease

The Company has entered into commercial property leases for its offices. The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The

Company uses significant judgement in assessing the lease term and the applicable discount rate. The Company has lease contracts which include extension and termination options, and this requires exercise of judgement by the Company in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. The discount rate is generally based on the incremental borrowing rate specific to the lease period.

### c. Impairment of Non-Financial Assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value, less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices, less incremental costs for disposing of the asset. The value-in-use calculation is based on a DCF model. The cash flows are derived from the projections for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the assets' performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

### d. Fair value of investment property

As per the Ind AS, the Company is required to disclose the fair value of the investment property. Accordingly, the Company has conducted valuation to assess the fair values of investment property as at March 31, 2025. The investment property was valued by reference to market-based evidence, using comparable prices adjusted for specific market factors such as nature, location and condition of the investment property.

### e. Taxes

Income tax expense comprises current tax expense and the net changes in the deferred tax asset or liability during the year. Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions, including disclosures thereof.

### f. Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where

# Notes forming part of Standalone Financial Statement

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**g. Defined benefit plans**

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

**h. Impairment of financial assets**

The measurement of impairment losses across all

categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

**i. Contingent liabilities and provisions**

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

### Deferred tax:

The company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant management judgment is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income and the period over which deferred income tax assets will be recovered. Any changes in future taxable income would impact the recoverability of deferred tax assets.

## Note 47 Employee benefits

- (i) The Company has its own provident fund trust covering the employees of Elpro International Limited and as the fund would have to meet any interest shortfall, it is to be construed as a defined benefit plan. However, in the absence of guidance note from the Actuarial Society of India, the Company's actuary has expressed his inability to reliably measure the provident fund liability. Accordingly, the Company has accounted for the same as a defined contribution plan.

## Note 49 Financial instruments – Fair values and risk management (Contd.)

Investments in subsidiaries and associates are carried at cost as per Ind AS 27 and accordingly the same is not included in the table above.

The following table shows the fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for other financial assets and financial liabilities if the carrying amount is a reasonable approximation of fair value. The Company's secured loan from banks has been contracted at floating rates of interest, which are reset at short intervals. Accordingly, the carrying value of such long-term debt approximates fair value.

Particulars	March 31, 2025				March 31, 2024

### B. Measurement of fair values

The following provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3;

Level 1 : Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 : Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3 : Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data and other financial assets & liabilities approximates their carrying amounts largely due to short term maturities of these instruments.

- The investments measured at fair value and falling under fair value hierarchy Level 3 are valued on the basis of valuation reports provided by external valuers.
- The fair value of the financial instruments that are not traded in an active market is determined using valuation techniques. The company uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period.
- There have been no transfers between Level 1 and Level 2 for the year ended March 31, 2025 and March 31, 2024.

### (i) Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk ; and
- Market risk

#### Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

## Note 49 Financial instruments – Fair values and risk management (Contd.)

The audit committee oversees how management monitors compliance with the company's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

### A. Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, loans and advances to related parties and investments at amortised cost. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables, loans and advances and investments.

#### Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer.

The company operates primarily leasing business and manufacturing business of electrical equipments. The company is not substantially exposed to credit risk in leasing business as company collects security deposits from lessees. For receivables from manufacturing business, credit risk is managed as per Company's established policy, procedures and control relating to customer credit management. Outstanding customer receivables are regularly monitored.

#### Expected credit loss assessment for customers as at March 31, 2025 and March 31, 2024

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Given that the macro economic indicators affecting customers of the Company have not undergone any substantial change, the Company expects the historical trend of minimal credit losses to continue. Further, management believes that the unimpaired amounts that are past due by more than 365 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk.

#### Cash and cash equivalents

The Company held cash and cash equivalents with credit worthy banks and NBFCs of Rs. 265.41 and Rs. 197.14 as at March 31, 2025 and March 31, 2024 respectively. The credit worthiness of such banks and NBFCs is evaluated by the management on an ongoing basis and is considered to be good.

#### Loans and advances to related parties

The Company does not expect any losses from non-performance by these counter-parties as these are subsidiaries, associates and entities held under common control.

### B. Liquidity risk

Liquidity risk is the risk that the company will not be able to meet its financial obligations that are settled in cash or another financial assets on their respective due dates. The company manages its liquidity risk by ensuring, as far as possible, that it will have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the company's reputation.

The company has obtained fund based working capital lines from banks and financial institutions. The company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.

The company has sufficient current assets comprising of trade receivables, cash & cash equivalents, investments in equity & mutual funds, other bank balances, loans, inventories and other current financial assets to manage the liquidity risk, if any in relation to current financial liabilities.

### C. Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of its investments.

#### (i) Currency risk

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit and loss, where any transaction references more than one currency or where assets/ liabilities are denominated in a currency other than the functional currency of the entity.

Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in U.S. dollar against the functional currency of the company.

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

## Note 49 Financial instruments – Fair values and risk management (Contd.)

### Exposure to currency risk

The carrying amounts of the Company's foreign currency denominated monetary items are as follows:

USD	March 31, 2025	March 31, 2024
Trade receivables	25.02	2.49
Trade payables	5.73	-
<b>Financial position exposure (net)</b>	<b>19.29</b>	<b>2.49</b>

### Sensitivity analysis

A 0.5% strengthening/ weakening of the respective foreign currencies with respect to functional currency of Company would result in increase or decrease in profit or loss as shown in table below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases. The following analysis has been worked out based on the exposures as of the date of statements of financial position.

Effect in Rs.	Profit or loss	
	Strengthening	Weakening
<b>31 March 2025</b>		
USD	0.10	(0.10)
<b>31 March 2024</b>		
USD	0.01	(0.01)

(Note: The impact is indicated on the profit/ loss before tax basis)

### (ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to market risk for changes in interest rates primarily relates to the company's borrowings with floating interest rates. The company manages its interest rate risk by having a balanced portfolio of fixed and variable rate borrowings. The company does not have any interest rate swaps.

### Exposure to interest rate risk

The profile for variable interest-bearing financial instruments of the Company's is as follows.

Variable-rate instruments	March 31, 2025	March 31, 2024
Financial assets	-	-
Financial liabilities	91,836.17	36,278.76
	<b>(91,836.17)</b>	<b>(36,278.76)</b>

### Interest rate sensitivity - fixed rate instruments

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss, therefore, a change in interest rates at the reporting date would not affect profit or loss for any of these fixed interest bearing financial instruments.

### Interest rate sensitivity - variable rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased/ decreased profit or loss by amounts shown below. This analyses assumes that all other variables, in particular, foreign currency exchange rates, remain constant. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the year.

## Note 49 Financial instruments – Fair values and risk management (Contd.)

### Effect on profit before tax

Particulars	March 31, 2025	March 31, 2024
Decrease in interest rate by 100 basis points	918.36	362.79
Increase in interest rate by 100 basis points	(918.36)	(362.79)

(Note: The impact is indicated on the profit/ loss before tax basis)

### (iii) Other price risk

- a. The company is exposed to equity price risk arising from investments held by the company and classified in the balance sheet either as fair value through OCI or at fair value through profit or loss.

To manage its price risk arising from investments in equity securities, the company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the company.

The majority of the company's equity investments are listed on the Bombay Stock Exchange (BSE) or the National Stock Exchange (NSE) in India.

- b. Sensitivity analysis- equity price risk: The table below summarises the impact of increase/decrease of the index of the company's equity and profit for the year. The analysis is based on the assumption that the equity/index had increased by 100 basis points or decreased by 100 basis with all other variables, held constant, and that all the company's investments in equity instruments moved in line with index.

Particulars	March 31, 2025	March 31, 2024
<b>Financial assets</b>		
Investments - Non current		
- Fair value through profit and loss	43,072.46	22,382.78
- Fair value through other comprehensive income	1,61,480.20	1,23,145.41
- Amortized cost	0.21	0.21
<b>Investments - Current</b>		
- Fair value through profit and loss	7,459.95	1,559.20
<b>Total</b>	<b>2,12,012.83</b>	<b>1,47,087.60</b>

A reasonably possible change of 100 basis points in market prices at the reporting date would have increased / decreased profit or loss by amounts shown below.

Particulars	Profit or loss	
	100 bps increase	100 bps decrease
<b>As at March 31, 2025</b>		
Impact on profit and loss before tax	505.32	(505.32)

## Note 50 Capital Management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. It sets the amount of capital required on the basis of annual business and long-term operating plans which include capital and other strategic investments. The Company manages its capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

The funding requirements are met through a mixture of equity, preference shares and other borrowings. The Group's policy is to use short-term and long-term borrowings to meet anticipated funding requirements.

The Company monitors capital using a ratio of 'Net debt' to 'Total Equity'. For this purpose, net debt is defined as total liabilities, comprising total borrowings and obligations under finance leases, less cash and cash equivalents. Total equity comprises all components of equity including share capital.

The Company's net debt to equity ratio as follows:

Particulars	As at March 31, 2025	As at March 31, 2024
Total liabilities	1,28,345.31	51,456.35
Less : Cash and cash equivalent	265.41	197.14
Net debt	1,28,079.90	51,259.21
Total equity	1,95,830.23	1,55,712.04
Adjusted net debt to adjusted equity ratio	0.65	0.33

## Note 51 Segment information

FINANCIAL STATEMENTS

OPINION

We have audited the accompanying consolidated financial statements of Elpro International Limited (hereinafter referred to as "the Parent Company"), its subsidiary companies (the parent company, its subsidiary companies together hereinafter referred to as "the Group") and share of profit from its associate & joint venture which comprise the consolidated balance sheet as at March 31, 2025, the consolidated statement of profit & loss (including the other comprehensive income), the consolidated statement of cash flows and the consolidated statement of changes in equity for the year then ended and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statement").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (hereinafter referred to as "the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards notified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time (hereinafter referred to as "the Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associate and its joint venture as at march 31, 2025, their consolidated profit (including other comprehensive income), their consolidated cash flows and their consolidated changes in equity the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing

(hereinafter referred to as "the SAs") specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the "Auditors' Responsibility for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group, its associate and joint venture in accordance with the code of ethics issued by the Institute of Chartered Accountants of India (hereinafter referred to as "the ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's code of ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have considered the matters described below to be the key audit matters to be communicated in our report.

We have fulfilled the responsibilities described in the "Auditors' Responsibilities for the Audit of the Consolidated Financial Statements" section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Sl. No.	Key Audit Matters	Auditors' Response
1.	<p>The Parent Company holds significant investments in unquoted equity shares, which are classified at fair value through other comprehensive income or fair value through profit or loss in accordance with Ind AS 109.</p> <p>Due to the absence of active market quotations for these investments, the fair value determination relies on valuation techniques, such as the Net Asset Value (NAV) method, discounted cash flow (DCF) models, or comparable company multiples. These methods involve significant management judgment, particularly concerning assumptions like discount rates, growth projections, and market comparable.</p> <p>Given the inherent estimation uncertainty and the material impact on the financial statements, the valuation of these unquoted equity investments was a key area of focus in our audit.</p>	<p>Our audit procedures included, among others:</p> <ul style="list-style-type: none"><li>Evaluating the appropriateness of the valuation methodologies applied by management, considering the requirements of Ind AS 113 'Fair Value Measurement'</li><li>Reviewing the valuation report provided by the valuer appointed by the Parent Company directly or indirectly for this purpose.</li><li>Assessing the reasonableness of key assumptions and inputs used in the valuation models, including discount rates, growth rates, and market multiples, by comparing them with external data sources and industry benchmarks.</li><li>Reviewing the adequacy and transparency of the disclosures related to unquoted equity investments in the financial statements, ensuring compliance with the disclosure requirements of Ind AS 107 'Financial Instruments: Disclosures' and Ind AS 113 'Fair Value Measurement'.</li></ul>

## INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON

The Parent Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report but does not include consolidated financial statements, standalone financial statements and our auditors' report thereon. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report with respect to the above.

## RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Parent Company's Board of Directors are responsible for the matters stated in section 134(5) of the act with respect to the preparation and presentation of these consolidated financial statements in terms of the requirement of the act that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated cash flows and consolidated changes in equity of the Group, its associate and its joint venture in accordance with the accounting principles generally accepted in India including the Ind AS. The respective Board of Directors of the companies included in the Group and its associate and joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the act for safeguarding the assets of the Group, its associate and joint venture and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group, its associate and joint venture are responsible for assessing the ability of the respective companies to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless respective Board of Directors either

intends to liquidate their respective companies or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group, its associate and joint venture are also responsible for overseeing the financial reporting process of their respective companies.

## AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls;
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the act, we are also responsible for expressing our opinion on whether the company, its subsidiary companies, its associate and joint venture have adequate internal financial controls with reference to the consolidated financial statements in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the consolidated financial statements made by the management and Board of Directors;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the

company, its subsidiary companies, its associate and joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the company, its subsidiaries, its associate and joint venture to cease to continue as a going concern;

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group, its associate and its joint venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

## REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. With respect to the matters specified in clause (xxi) of paragraph 3 of the Companies (Auditor's Report) Order, 2020 (hereinafter referred to as "the Order/ CARO"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, according to the information and explanation given to us and based on our reports and on consideration of the reports of other auditors on financial statements and other financial information of subsidiary companies, associate and joint venture, to which reporting under CARO is applicable, as noted in other matters paragraph, we report that the remarks given in the CARO report of the respective companies, are neither qualification, nor adverse in nature.

2. As required by section 143(3) of the Act and based on our audit and on the consideration of reports of the other auditors on the financial statements and other financial information of subsidiary companies, associate and joint venture, as stated in "Other Matters" paragraph above, we report, to the extent applicable, that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
  - b) In our opinion, proper books of account as required by law relating to the preparation of the aforesaid consolidated financial statements have been kept by the Parent Company so far as it appears from our examination of those books and the reports of the other auditors except for the matters stated in 3(vi) below on reporting under rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 as amended from time to time;
  - c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of cash flows and the consolidated statement of changes in equity dealt with by this report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
  - d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards notified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time;
  - e) Based on the written representations received from the Directors of the Parent Company as on March 31, 2025 taken on record by the Board of Directors of the Parent Company and as per the reports of the statutory auditors of its subsidiary companies, associate and joint venture, incorporated in India, none of the directors of the Group, its associate and the joint venture, incorporated in India, are disqualified as on March 31, 2025 from being appointed as a director in terms of section 164 (2) of the Act;
  - f) The observation relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph 2(b) above on reporting under section 143(3)(b) of the act and paragraph 3(vi) below on reporting under rule 11(g) of the Companies (Audit and Auditors) Rules, 2014; and
  - g) With respect to the adequacy of the internal financial controls with reference to the consolidated financial statements and the operating effectiveness of such controls, refer to our separate report in "Annexure A" which is based on the auditors' reports of the Parent Company, subsidiary companies, its associate and joint venture which have been audited under the Act. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control with reference to consolidated financial statements of the companies included in the Group, its associate and joint venture incorporated in India.
3. With respect to the other matters to be included in the auditors' report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended from time to time), in our opinion and to the best of information and according to the explanations given to us and based on the consideration of reports of other auditors on the intermediate consolidated financial statements, financial statements and also the other financial information of the subsidiary companies and its joint venture as noted in "Other Matters" paragraph above we report, to the extent applicable, that:
  - i. Pending litigations (other than those already recognized in the consolidated financial statement) having material impact on the financial position of the Group, its associate and its joint venture have been disclosed in the consolidated financial statements as required in terms of accounting standards and provisions of the act – refer note 54 to the consolidated financial statements;
  - ii. The Group, its associate and joint venture did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Parent Company, however, in case of its subsidiary companies, its associate and its joint venture there were no amounts which were required to be transferred to the Investor Education and Protection Fund.

- iv. a. The respective management of the companies forming part of the Group, its associate and joint venture, which are companies incorporated in India and whose financial statements have been audited under the Act, have represented to us and the other auditors of such subsidiary companies, associate and joint venture, as the case may be, that, to the best of their knowledge and belief, no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by these companies to or in any other persons or entities, including foreign entities ("intermediaries"), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of these companies ("ultimate beneficiaries") or provide any guarantee, security or the like on behalf of the ultimate beneficiaries;
- b. The respective management of the companies forming part of the Group, its associate and joint venture, which are companies incorporated in India and whose financial statements have been audited under the Act, have represented to us and the other auditors of such subsidiary companies, associate and joint venture, as the case may be, that, to the best of their knowledge and belief, no funds (which are material either individually or in aggregate) have been received by the these companies from any persons or entities, including foreign entities ("funding parties"), with the understanding, whether recorded in writing or otherwise, that these companies shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the funding parties ("ultimate beneficiaries") or provide any guarantee, security or the like on behalf of the ultimate beneficiaries; and
- c. Based on the audit procedures, that have been considered reasonable and appropriate in the circumstances, performed by us and that performed by the other auditors of the subsidiary companies, associate and joint venture, which are companies incorporated in India and whose financial statements have been audited under the Act, nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of rule 11(e) of the Companies (Audit and Auditors) Rules, 2014, as amended from time to time, as stated under (a) and (b) above, contain any material misstatement.
- v. The interim dividend declared and paid by the Parent Company during the year is in accordance with section 123 of the act to the extent it applies to payment of dividend.
- vi. Relying on information, publication and other explanations provided by the Parent Company, reports of the respective auditors of the subsidiary companies, associate and joint venture and test checks carried out on the software application, we report that, in our opinion, the Parent Company, its subsidiary companies, associate and joint venture use accounting software for maintaining their books of account having feature of recording audit trail (edit log) facility and that has been operating throughout the year for all relevant transactions recorded in the software, and the edit logs have been preserved as per the applicable statutory requirements, save and except as listed below:
  - The Parent Company maintains the manual records of property, plant and equipment and investments and hence audit trail feature is not applicable to these records.
  - In respect of Elpro Realty Private Limited, the auditor has reported that audit trail features were not enabled at the database level to log any direct data changes.
  - In respect of Fortune Capital Holding Private Limited, the company has not used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility during the year.

4. With respect to the other matter to be included in the Auditors' Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and according to the information and explanations given to us, and based on the Auditors' Report of the subsidiary companies, its associate and joint venture, incorporated in India, the remuneration (including sitting fees) paid by the Parent Company and such subsidiary companies, associate and joint venture to their respective Directors during the current

year is in accordance with the provisions of section 197 read with Schedule V to the Act.

## ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

(Referred to in point (f) of paragraph 2 under 'Report on Other Legal and Regulatory Requirements' of our report of even date) to the members of Elpro International Limited.

### Report on the Internal Financial Controls with reference to the Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Parent Company as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to the consolidated financial statements of Elpro International Limited (hereinafter referred to as "the Company") and refer to in "other matters" paragraph in our Independent Auditors' report of even date.

### MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE CONSOLIDATED FINANCIAL STATEMENTS

The Board of Directors of the Parent Company are responsible for establishing and maintaining internal financial controls based on the internal control with reference to the consolidated financial statements of the Group, its associate and the respective Company's Board of Directors are responsible for establishing and maintaining internal financial controls with reference to the financial statements and other financial information based on the criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (hereinafter referred to as "the Guidance Note") issued by the Institute of Chartered Accountants of India (hereinafter referred to as "the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on internal financial controls with reference to the consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by ICAI and the Standards on Auditing specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls

system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the consolidated financial statements included obtaining an understanding of internal financial controls with reference to the consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, and the audit evidence obtained by the other auditors of the subsidiary companies and associate which are companies incorporated in India, in terms of their reports referred to in the "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the company's internal financial controls system with reference to the consolidated financial statements.

### MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

A company's internal financial control with reference to the consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to the consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of the consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to the consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to the consolidated financial statements may become inadequate because of

changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## OPINION

In our opinion, the Parent Company and such companies incorporated in India, which are its subsidiary companies and associate have in all material respects, adequate internal financial controls with reference to the consolidated financial statements and such internal financial controls with reference to the consolidated financial statements was operating effectively as at March 31, 2025, based on the internal financial control with reference to the consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## OTHER MATTERS

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to the consolidated financial statements insofar as it relates to 3 subsidiary companies, and the associate as on the balance sheet date, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not modified in respect of the above matter.

The subsidiary companies and the associate are in the business of investing and trading of securities and derivative instruments. The joint venture is primarily in the business of renting and leasing.

## 1. Basis of preparation

### 1.1. Statement of compliance and recent pronouncements

#### 1.1.1. Statement of compliance

These consolidated financial statements comprising of Balance Sheet as at March 31, 2025, Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flows for the year then ended have been prepared in compliance with Indian Accounting Standards as notified under Section 133 of the Companies Act, 2013 (hereinafter referred to as 'the Act') read with the Companies (Indian Accounting Standards) Rules, 2015, Companies (Indian Accounting Standards) Amendment Rules, 2015 (together herein referred to as 'the Ind AS') and other relevant provisions of the Act.

The Consolidated Financial Statements have been prepared on going concern basis in accordance with the Ind AS 1 "Presentation of Financial Statements". The Management of the Parent Company (hereinafter referred to as "Management") is of the view that the Group, its associate and its joint venture shall be able to

continue its business for the near future and no material uncertainty exists that may cast significant doubt on the going concern assumption. In making this assessment, the management has considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

The accounting policies have been consistently applied, except in cases where a newly issued Ind AS is initially adopted or when a revision to an existing Ind AS requires a change in the accounting policy previously in use.

The consolidated financial statements for the year ended March 31, 2025 were approved by the Company's Board of Directors and authorized for issue on May 15, 2025 for consideration and adoption by the shareholders in its Annual General Meeting.

### 1.1.2. Recent accounting pronouncements

#### a. Application of new and revised standards

During the year ended March 31, 2025, the Company considered the amendments notified by the Ministry of Corporate Affairs (MCA) through the 1st Amendment dated August 12, 2024, the 2nd Amendment dated September 9, 2024, and the 3rd Amendment dated September 28, 2024 to the Companies (Indian Accounting Standards) Rules, 2015.

These amendments primarily relate to the introduction of Ind AS 117 – Insurance Contracts, along with consequential changes to other standards including Ind AS 101, 103, 104, 105, 107, 109, and 115, which address accounting and disclosure requirements for insurance contracts and financial guarantee contracts. The amendments also include changes to Ind AS 116 – Leases, specifically addressing accounting and disclosure requirements for sale and leaseback arrangements.

The adoption of these amendments to the extent applicable to the Company did not have impact on the profit or loss and earnings per share of the Company for the year.

#### b. Standards issued but not yet effective

The Ministry of Corporate Affairs (MCA), vide notification dated May 07, 2025, has amended Indian Accounting Standard (Ind AS) 21 – The Effects of Changes in Foreign Exchange Rates and Ind AS 101 – First-time Adoption of Indian Accounting Standards. These amendments are applicable for annual reporting periods beginning on or after April 01, 2025.

The key amendment relates to providing guidance for assessing lack of exchangeability between currencies and estimating the spot exchange rate

# Notes forming part to consolidated financial statements

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

when a currency is not exchangeable. Additional disclosure requirements have also been introduced in such scenarios, including the nature and financial effect of the currency in exchangeability, the estimation methodology used, and risks arising therefrom.

The Company is currently evaluating the impact of these amendments and expects that their application will not have a material effect on the standalone financial statements.

## 1.2. Basis of measurement

The consolidated financial statement are prepared on the accrual basis as a going concern and under the historical cost basis, except for certain financial assets and liabilities, which are measured at fair value and defined benefits plan for employees that are measured as per actuarial valuation under Projected Unit Credit Method at the end of each reporting date as required under relevant Ind AS.

## 1.3. Form of presentation

The Consolidated Balance Sheet, Standalone Statement of Profit and Loss (including Other Comprehensive Income) and Standalone Statement of Changes in Equity adhere to the format prescribed in Division II of Schedule III to the Act. The Consolidated Statement of Cash Flows is prepared and presented as per the requirements of Ind AS.

A summary of material accounting policies and other explanatory information is provided in accordance with the Companies (Indian Accounting Standards) Rules, 2015 as notified under section 133 of the Act and accounting principles generally accepted in India.

## 1.4. Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded off to the nearest lakhs with two places of decimals, unless otherwise indicated.

## 1.5. Use of estimates and judgments

The preparation of consolidated financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the consolidated financial statements and the reported amount of income and expenses for the reporting period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgements and the use of assumptions in the consolidated financial statements have been disclosed as applicable in the respective notes to accounts.

Accounting estimates can change from period to period. Future results could differ from these estimates. Appropriate changes in estimates are made as the

Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the consolidated financial statements in the period in which changes are made and if material, their effects are disclosed in the notes to the consolidated financial statements.

## 1.6. Measurement of fair values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values.

This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and reports directly to the chief financial officer.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments.

If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Significant valuation issues are reported to the Group's audit committee.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred

# Notes forming part to consolidated financial statements

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

Further information about the assumptions made in measuring fair values is included in Note 50 – Financial instruments – Fair values and risk management

## 1.7. Current vs non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

## 1.8. Material accounting policies

### 1.8.1. Basis of consolidation

#### a. Business combinations

- i) Business combinations (other than common control business combinations) on or after April 1, 2016.

As part of its transition to Ind AS, the Group has elected to apply the relevant Ind AS, viz. Ind AS 103, Business Combinations, to only those business combinations that occurred on or after 1 April 2016. In accordance with Ind AS 103, the Group accounts for these business combinations using the acquisition method when control is transferred to the

Group. The consideration transferred for the business combination is generally measured at fair value as at the date the control is acquired (acquisition date), as are the net identifiable assets acquired. Any goodwill that arises is tested annually for impairment. Any gain on a bargain purchase is recognized in OCI and accumulated in equity as capital reserve if there exists clear evidence of the underlying reasons for classifying the business combination as resulting in a bargain purchase; otherwise the gain is recognized directly in equity as capital reserve. Transaction costs are expensed as incurred, except to the extent related to the issue of debt or equity securities.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships with the acquiree. Such amounts are generally recognized in profit or loss.

Any contingent consideration is measured at fair value at the date of acquisition. If an obligation to pay contingent consideration that meets the definition of a financial instrument is classified as equity, then it is not remeasured subsequently and settlement is accounted for within equity. Other contingent consideration is remeasured at fair value at each reporting date and changes in the fair value of the contingent consideration are recognized in profit or loss.

If share-based payment awards (replacement awards) are required to be exchanged for awards held by the acquiree's employees (acquiree's awards), then all or a portion of the amount of the acquirer's replacement awards is included in measuring the consideration transferred in the business combination. The determination of the amount to be included in consideration transferred is based on the market-based measure of the replacement awards compared with the market-based measure of the acquiree's awards and the extent to which the replacement awards relate to pre-combination service.

If a business combination is achieved in stages, any previously held equity interest in the acquiree is re-measured at its acquisition date fair value and any resulting gain or loss is recognized in profit or loss or OCI, as appropriate.

In case of business combinations involving entities under common control, the above

# Notes forming part to consolidated financial statements

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

policy does not apply. Business combination of entities under common control are accounted using "pooling of interests" method and figures for previous period are restated as if the business combination had occurred at the beginning of the preceding period irrespective of actual date of combination.

## ii) Business combinations prior to April 1, 2016

In respect of such business combinations, goodwill represents the amount recognized under the Group's previous accounting framework under Indian GAAP adjusted for the reclassification of certain intangibles.

### • Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

### • Non-controlling interests (NCI)

NCI are measured at their proportionate share of the acquiree's net identifiable assets at the date of acquisition.

Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

### • Equity accounted investees

The Group's interests in equity accounted investees comprise interests in associate and joint venture.

An associate and joint venture is an entity in which the Group has significant influence, but not control or joint control, over the financial and operating policies. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

Interests in associate and joint venture are accounted for using the equity method. They are initially recognized at cost which includes transaction costs. Subsequent to initial recognition, the consolidated financial statements include the Group's share of profit or loss and OCI of equity accounted investees until the date on which significant influence ceases.

### • Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated. Unrealised gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

## 1.8.2. Property, plant and equipment

### a. Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labor, any other costs directly attributable to bringing the item to working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

# Notes forming part to consolidated financial statements

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.

## b. Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

## c. Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method, and is generally recognized in the statement of profit and loss. The useful life of the asset is determined as prescribed in schedule II to the Companies Act, 2013 as follows:

- Plant and machinery (including office equipment) – 5 to 25 years
- Furniture and Fixtures – 5 to 10 years
- Vehicles – 8 years

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation of additions (disposals) is provided on a pro-rata basis i.e. from (up to) the date on which asset is ready for use (disposed of).

## d. Derecognition of property, plant and equipment

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from its use or disposal. Gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

## e. Reclassification to investment property

When the use of a property changes from owner-occupied to investment property, the property is reclassified as investment property at its carrying amount on the date of reclassification.

### 1.8.3. Intangible assets

#### a. Service concession arrangements - Windmill

The Group recognizes an intangible asset arising from a service concession arrangement to the extent it has a right to charge the regulator for

sale of electricity at agreed prices. Subsequent to initial recognition, the intangible asset is measured at cost, less any accumulated amortization and accumulated impairment losses.

## b. Others

Other intangible assets include software and technical know-how which are measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortization and any accumulated impairment losses.

## c. Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognized in profit or loss as incurred.

## d. Amortization

Amortization is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method and is included in depreciation and amortization in Statement of Profit and Loss. The useful life of the asset is determined as prescribed in schedule II to the Companies Act, 2013.

### 1.8.4. Investment property

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Upon initial recognition, an investment property is measured at cost. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any.

An investment property is derecognized upon disposal or when no future economic benefits are expected to arise from its use or disposal. Gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

Property that is being constructed for future use as investment property is accounted for as investment property under construction until construction or development is complete. All costs which are directly attributable to construction of the investment property are capitalized.

Depreciation is calculated on cost of items of investment property less their estimated residual values over their estimated useful lives using the straight-line method and is generally recognized in the statement of profit and loss. The useful life of the asset is determined as prescribed in

# Notes forming part to consolidated financial statements

schedule II to the Companies Act, 2013 as follows:

- Buildings – 60 years
- Plant and machinery (including office equipment) – 5 to 30 years
- Furniture and Fixtures – 5 to 10 years

## 1.8.5. Right of Use Assets (ROU Assets)

The Group recognizes right-of-use asset at the commencement date of the respective lease. Upon initial recognition, cost comprises of the initial lease liability, initial direct costs incurred when entering into the leases, an estimate of the cost of dismantle and removal of the underlying assets. Prepaid lease payments (including the difference between nominal amount of the deposit and the fair value) are also included in the initial carrying amount of the ROU Asset. They are subsequently measured at cost less accumulated depreciation and impairment loss, if any.

The ROU assets are presented as a separate line in the balance sheet. The residual values, useful lives and methods of depreciation of ROU Asset are reviewed at the end of each financial year and adjusted prospectively, if appropriate.

Variable rents that do not depend on an index or rate are not included in the measurement of ROU Assets. The related payments are recognized as an expense in the period in which the event or condition that triggers those payments occurs and are included in the line Statement of Profit and Loss.

Leasehold premises are amortized/ depreciated over the period of the lease. Leasehold improvements are amortized/ depreciated over the period of the lease or useful life of respective assets whichever is less.

## 1.8.6. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Company recognizes a financial asset or a liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

### a. Financial assets

#### i. Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of financial assets. Investments in subsidiary companies, associate and joint venture are carried at cost as per Ind AS 27 - Separate Financial Statements. Trade or Other receivables

that do not contain a significant financing component (as defined in Ind AS 115) which are recorded at transaction price.

#### ii. Subsequent measurement

For purposes of subsequent measurement, financial assets of the Group are classified in three categories:

- Amortized cost;
- FVTOCI (fair value through other comprehensive income) – Debt investment;
- FVTOCI (fair value through other comprehensive income) – Equity investment; or
- FVTPL (fair value through profit or loss)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

#### • Amortized cost

Debt instruments are measured at amortized cost if the asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. These financials assets are measured at amortized cost by using the effective interest rate (EIR) method, less impairment, if any. The Group recognizes the interest income in the statement of profit and loss. The losses arising from impairment are recognized in the statement of profit and loss.

#### • FVOCI (fair value through other comprehensive income) – Debt investment

Debt instruments are measured at fair value through other comprehensive income, if the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial

# Notes forming part to consolidated financial statements

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Group measures debt instruments included within the FVOCI category at each reporting date at fair value with such changes being recognized in Other Comprehensive Income (OCI). The Group recognizes interest income on these assets in statement of profit and loss.

- **FVOCI (fair value through other comprehensive income) – Equity investment**

On initial recognition of an equity investment (directly or through different market schemes) that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis.

These assets are subsequently measured at fair value. Dividends are recognized as income in statement of profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in OCI and are not reclassified to profit or loss.

- **FVTPL (fair value through profit or loss)**

All financial assets not classified as measured at amortized cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise. These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in profit or loss.

### iii. Impairment of financial assets

In accordance with Ind-AS 109, the company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance;
- Lease receivables;
- Other trade receivables, etc.

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component and all lease receivables resulting from transactions.

The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECL's at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

#### a. Derecognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

# Notes forming part to consolidated financial statements

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

If the Company enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

liability extinguished and the new financial liability with modified terms is recognized in profit or loss.

## 1. Financial Liabilities

- Financial liabilities are classified as measured at amortized cost or FVTPL. Financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.
- The Company derecognizes financial liability when its contractual obligations are discharged or expired. The Company also derecognizes financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of financial

## 2. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously

### 1.8.7. Revenue recognition

In accordance with Ind AS 115 "Revenue from Contracts with Customers" Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration that the company expects to receive in exchange for those products or services.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other credits, if any, as specified in the contract with the customer. The following are the revenue recognized by the company through Statement of Profit and Loss:

1. Revenue from sale of goods is recognized upon transfer of control of promised products to customer in an amount that reflects the consideration which the Company expects to receive in exchange for those products.
2. Revenue in respect of rental and maintenance services is recognized on an accrual basis, in accordance with the terms of the respective contract as and when the Company satisfies performance obligations by delivering the services as per contractually agreed terms.
3. Revenue from wind mill power project is recognized on the basis of actual power sold as per the terms of the power purchase agreements entered into with the respective parties.
4. Revenue from real estate projects: Revenue is recognized at the point of time w.r.t., sale of real estate units, including land, plots, apartments, commercial units, development rights including development agreements as and when the control passes on to the customer which coincides with handing over of the possession to the customer.
5. Dividend income (including from FVOCI investments) is recognized when the Company's right to receive the payment is established, it is probable that the economic benefits associated

# Notes forming part to consolidated financial statements

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

with the dividend will flow to the entity and the amount of the dividend can be measured reliably. This is generally when the shareholders or Board of Directors approve the dividend.

6. Under Ind AS 109 "Financial Instruments", interest income is recorded using the Effective Interest Rate (EIR) method for all financial instruments measured at amortized cost, debt instruments measured through fair value through other comprehensive income or fair value through profit or loss. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset. The EIR (and therefore the amortized cost of the asset) is calculated by taking into account any discount or premium on acquisition, fees and costs that are integral part of the EIR.
7. The Company's share in profits/ (losses) from Limited Liability Partnerships (LLPs), where company is a partner, is recognized as income/ loss in the statement of profit and loss as and when the right to receive its profit/ loss share is established by the company in accordance with the terms of contract between the company and the LLP.
8. Contract Balances

A Contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional.

Trade receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

Contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. Contracts in which the goods or services transferred are lower than the amount billed to the customer, the difference is recognized as "Unearned revenue" and presented in the Balance Sheet under "Other current liabilities".

## 1.8.8. Leases

The Group enters into contract as a lessee for assets taken on lease. The Group at the inception of a contract assesses whether the contract contains a lease by conveying the right to control the use of an identified asset for a period of time in exchange for consideration. A right-of-use asset is recognized representing its right to use the underlying asset for the lease term at the lease commencement date except in case of short

term leases with a term of twelve months or less and low value leases which are accounted as an operating expense on a straight line basis over the lease term.

The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred. The right-of-use assets are subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability.

The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognized in the Statement of Profit and Loss.

## 1.8.9. Inventories

Inventories are stated at the lower of cost and net realizable value. In determining the cost of loose tools, stores and spares, raw materials and components, the weighted average method is used. Cost of manufactured components, work in progress and manufactured finished goods include cost of conversion and other costs incurred in bringing the inventories to their present location and condition which is determined on absorption cost basis.

Project in progress is valued at lower of cost or net realizable value. Cost includes cost of land, materials, construction, services, borrowing costs and other overheads relating to the particular projects.

## 1.8.10. Impairment of non- financial asset

The Group's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into Cash-Generating Units (CGU's). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGU's.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable

# Notes forming part to consolidated financial statements

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

amount. Impairment losses are recognized in the statement of profit and loss. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGU's) on a pro rata basis.

In respect of assets for which impairment loss has been recognized in prior periods, the respective companies in the group review at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

## 1.8.11. Employee benefits

### a) Short term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid e.g., under short-term cash bonus, if the respective companies in the group have a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

### b) Retirement benefits

#### i. Defined benefit obligations

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The parent company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the parent company, the recognized asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized in OCI. The parent company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past services ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognized immediately in profit or loss. The parent company recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

#### ii. Defined contribution plans

The parent company's contribution to provident fund is considered as defined contribution plan and is charged as an expense based on the amount of contribution required to be made. The parent company has no further payment obligations once the contributions have been paid.

## 1.8.12. Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized if as a result of a past event, the group has a present obligation (legal or constructive) that can be estimated reliably and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognized at the best estimate of the expenditure required to settle the present obligation at the balance sheet date. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are disclosed in the financial statements when an inflow of economic

(All amounts are Rs. in lakhs, except share data and as stated)

benefit is probable. However, when the realization of income is virtually certain, then the related asset is not a contingent asset, and its recognition is appropriate.

## 1.8.13. Foreign currency transactions

Transactions in foreign currencies are translated into the respective functional currencies of Group at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined.

Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognized in statement of profit or loss.

## 1.8.14. Cash and cash equivalents

Cash and cash equivalents includes cash on hand, call deposits and other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

## 1.8.15. Income tax

Income tax comprises current and deferred tax. It is recognized in profit or loss except to the extent that it relates to a business combination or to an item recognized directly in equity or in other comprehensive income.

### a) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on a net basis or simultaneously.

### b) Deferred tax

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities

and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against the deductible temporary differences, and the carry forward of unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

## 1.8.16. Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalized as part of the cost of that asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

## 1.8.17. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). Chief operating decision maker's function is to allocate the resources of the Group and assess the performance of the operating segment of the Group.

The Board of Directors (CODM) assesses the financial performance and position of the Group and makes strategic decisions and is identified as being the chief operating decision maker for the Group. Refer note 52 for segment information presented.

# Notes forming part to consolidated financial statements

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

## 1.8.18. Earnings per share (EPS)

Basic EPS is computed using the weighted average number of equity shares outstanding during the period. Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the period except where the results would be anti-dilutive.

## 1.9. Significant Accounting Judgements, Estimates and Assumptions

The preparation of the consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require material adjustment to the carrying amount of assets or liabilities affected in future periods.

The key assumptions and estimates at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities are described below. These assumptions and estimates are based on available parameters as on the date of preparation of financial statements. These assumptions and estimates, however, may change due to market changes or circumstances arising that are beyond the control of the group.

### a. Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortized cost or fair value through other comprehensive income that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

### b. Operating Lease

The Group has entered into commercial property leases for its offices. The Group evaluates if an

arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Group uses significant judgement in assessing the lease term and the applicable discount rate. The Group has lease contracts which include extension and termination options, and this requires exercise of judgement by the Group in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. The discount rate is generally based on the incremental borrowing rate specific to the lease period.

### c. Impairment of Non-Financial Assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value, less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices, less incremental costs for disposing of the asset. The value-in-use calculation is based on a DCF model. The cash flows are derived from the projections for the next five years and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the assets' performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

### d. Fair value of investment property

As per the Ind AS, the Group is required to disclose the fair value of the investment properties. Accordingly, the Group has conducted valuation to assess the fair values of investment property as at March 31, 2025. The investment property was valued by reference to market-based evidence, using comparable prices adjusted for specific market factors such as nature, location and condition of the investment property.

### e. Taxes

Income tax expense comprises the current tax expense and the net changes in the deferred tax asset or liability during the year. Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/ recovered for uncertain tax positions, including disclosures thereof.

### f. Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using

# Notes forming part to consolidated financial statements

for the year ended and as at March 31, 2025

(All amounts are Rs. in lakhs, except share data and as stated)

various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

## **g. Defined benefit plans**

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

## **h. Impairment of financial assets**

Measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. It has been the Group's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

## **i. Contingent liabilities and provisions**

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

#### Deferred tax:

The companies in the group offsets tax assets and liabilities if and only if they have a legally enforceable right to set off current tax assets and current tax liabilities of the respective companies and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant management judgment is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income and the period over which deferred income tax assets will be recovered. Any changes in future taxable income would impact the recoverability of deferred tax assets.

## Note 48 Employee benefits expenses

- (i) The Parent company has its own provident fund trust covering the employees of Elpro International Limited and as the fund would have to meet any interest shortfall, it is to be construed as a defined benefit plan. However, in the absence of guidance note from the Actuarial Society of India, the Company's actuary has expressed his inability to reliably measure the provident fund liability. Accordingly, the Parent Company has accounted for the same as a defined contribution plan.

## Note 50 Financial instruments – Fair values and risk management (Contd.)

The following table shows the fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for other financial assets and financial liabilities if the carrying amount is a reasonable approximation of fair value. The group's secured loan from banks has been contracted at floating rates of interest, which are reset at short intervals. Accordingly, the carrying value of such long-term debt approximates fair value.

### B. Measurement of fair values

The following provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3;

Level 1 : Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 : Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3 : Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data and other financial assets & liabilities approximates their carrying amounts largely due to short term maturities of these instruments.

- The investments measured at fair value and falling under fair value hierarchy Level 3 are valued on the basis of valuation reports provided by external valuers.
- The fair value of the financial instruments that are not traded in an active market is determined using valuation techniques. The group uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period.
- There have been no transfers between Level 1 and Level 2 for the year ended March 31, 2025 and March 31, 2024.

#### (i). Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk ; and

both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

### A. Credit Risk

Credit risk is the risk of financial loss to the group, its associate and joint venture if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the group, its associate and joint venture receivables from customers, loans and advances to related parties and investments at amortised cost. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the group, its associate and joint venture grants credit terms in the normal course of business. The group, its associate and joint venture establishes an allowance for doubtful debts and impairment the represents their estimate of incurred losses in respect of trade and other receivables, loans and advances and investments.

#### Trade and other receivables

The group, its associate and joint venture's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the group, its associate and joint venture grant credit terms in the normal course of business.

The group, its associate and joint venture operates primarily in leasing business, manufacturing business of electrical equipments and investments. The group, its associate and joint venture are not substantially exposed to credit risk in leasing business as they collect security deposits from lessees. For receivables from manufacturing business, credit risk is managed by as per group, its associate and joint venture's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored.

#### Expected credit loss assessment for customers as at March 31, 2025 and March 31, 2024

Exposures to customers outstanding at the end of each reporting period are reviewed by the group, its associate and joint venture to determine incurred and expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Given that the macro economic indicators affecting customers of the group, its associate and joint venture have not undergone any substantial change, they expect the historical trend of minimal credit losses to continue. Further, management of the respective companies believe that the unimpaired amounts that are past due by more than 365 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk.

#### Cash and cash equivalents

The group, its associate and joint venture held cash and cash equivalents with credit worthy banks and NBFCs of Rs. 323.26 and Rs. 416.90 as at March 31, 2025 and March 31, 2024 respectively. The credit worthiness of such banks and financial institutions is evaluated by the management of the respective companies on an ongoing basis and is considered to be good.

#### Loans and advances to related parties

The group, its associate and joint venture do not expect any losses from non-performance by these counter-parties as these are entities held under common control.

### B. Liquidity risk

Liquidity risk is the risk that the group, its associate and joint venture will not be able to meet their financial obligations that are settled in cash or another financial assets on their respective due dates. The liquidity risk is managed by ensuring, as far as possible, that they will have sufficient liquidity to meet their liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the group, its associate and joint venture's reputation.

## Note 50 Financial instruments – Fair values and risk management (Contd.)

### C. Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt. The group, its associate and joint venture are exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of its investments.

#### (i) Currency risk

The fluctuation in foreign currency exchange rates may have potential impact on statement of profit and loss account, where any transaction references more than one currency or where assets/ liabilities are denominated in a currency other than the functional currency of the entity.

Considering the countries and economic environment in which the group, its associate and joint venture operate, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in U.S. dollar against the functional currency of the group, its associate and joint venture.

Exposure to currency risk

The carrying amounts of the group's foreign currency denominated monetary items are as follows:

USD	March 31, 2025	March 31, 2024
Trade receivables	25.02	2.49
Trade payables	5.73	-
Net statement of financial position exposure	19.29	2.49

#### Sensitivity analysis

A 0.5% strengthening/ weakening of the respective foreign currencies with respect to functional currency of group, its associate and joint venture would result in increase or decrease in profit or loss as shown in table below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases. The following analysis has been worked out based on the exposures as of the date of statements of financial position:

Effect in Rs.	Profit or loss	
	Strengthening	Weakening
<b>31 March 2025</b>		
USD	0.10	(0.10)
<b>31 March 2024</b>		
USD	0.01	(0.01)

(Note: The impact is indicated on the profit/ loss before tax basis)

#### (ii) Interest rate risk

The group, its associate and joint venture manage their interest rate risk by having a balanced portfolio of fixed and variable rate borrowing. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The group, its associate and joint venture's exposure to market risk for changes in interest rates primarily relates to the their borrowings with floating interest rates. The group, its associate and joint venture does not have any interest rate swaps.

## Note 50 Financial instruments – Fair values and risk management (Contd.)

### Exposure to interest rate risk

The profile for variable interest-bearing financial instruments of the group is as follows:

Variable-rate instruments	March 31, 2025	March 31, 2024
Financial assets	-	-
Financial liabilities	98,614.14	36,278.76
	<b>(98,614.14)</b>	<b>(36,278.76)</b>

### Interest rate sensitivity - fixed rate instruments

The group, its associate and joint venture does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss, therefore, a change in interest rates at the reporting date would not affect profit or loss for any of these fixed interest bearing financial instruments.

### Interest rate sensitivity - variable rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased/ decreased profit or loss by amounts shown below. This analyses assumes that all other variables, in particular, foreign currency exchange rates, remain constant. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the year.

### Effect on profit before tax

Particulars	March 31, 2025	March 31, 2024
As at March 31, 2025		
Decrease in interest rate by 100 basis points	(986.14)	(362.79)
Increase in interest rate by 100 basis points	986.14	362.79

### (iii) Other price risk

- a. The group, its associate and joint venture are exposed to equity price risk arising from investments held by them and classified in the balance sheet either as fair value through OCI or at fair value through profit or loss.

To manage their price risk arising from investments in equity securities, the group, its associate and joint venture diversifies their portfolio. Diversification of the portfolio is done in accordance with the limits set by the respective companies in the group, its associate and joint venture. The majority of the group, its associate and joint venture's equity investments are listed on the Bombay Stock Exchange (BSE) or the National Stock Exchange (NSE) in India.

- b. Sensitivity analysis- equity price risk: The table below summarises the impact of increase/decrease of the index of the group's equity and profit for the year. The analysis is based on the assumption that the equity/ index had increased by 100 basis points or decreased by 100 basis with all other variables, held constant, and that all the group's investments in equity instruments moved in line with index

## Note 51 Capital Management

The Group's, its associate and joint venture's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. It sets the amount of capital required on the basis of annual business and long-term operating plans which include capital and other strategic investments. The group, its associate and joint venture manage their capital structure and make adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

The funding requirements are met through a mixture of equity, preference shares and other borrowings. The group's, its associate and joint venture policy is to use short-term and long-term borrowings to meet anticipated funding requirements.

The Group monitors capital using a ratio of net debt to total equity. For this purpose, net debt is defined as total liabilities, comprising and borrowings and obligations under finance leases, less cash and cash equivalents. Total equity comprises all components of equity including share capital.

The group's adjusted net debt to equity ratio at each balance sheet date is as follows:

Particulars	As at March 31, 2025	As at March 31, 2024
Total liabilities	1,36,472.14	51,967.70
Less : Cash and cash equivalent	323.26	416.90
